

Strong Nonprofits for a Better New York is a statewide coalition of more than 350 nonprofit human services providers, calling for increased State investment in the sector's workforce and infrastructure. Working under contract with the State, human services agencies provide crucial services to uplift New Yorkers from all walks of life. The State must ensure these organizations can continue their vital work.

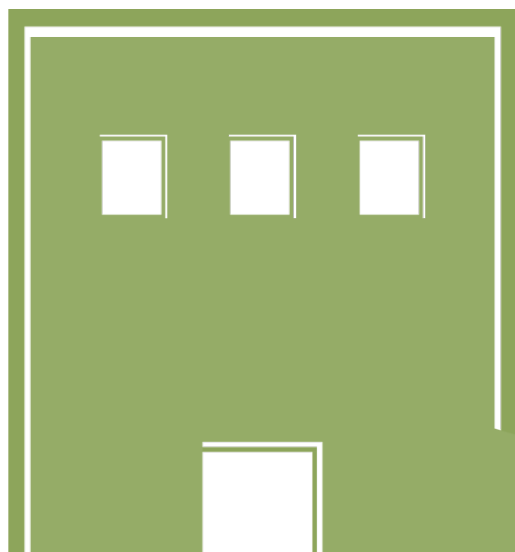

Join local government officials and human service providers for a Press Conference to call attention to the need for infrastructure investment in the Human Service Sector.
